Rigveda contains ten Mandalas, 1028 Suktas & 10552 mantras. As prescribed in the Shastras, the Rig Samhita Havan is performed by Rigvedis with offering of ghee and tila to the Devatas mentioned in the Mantras with Swaahaakar. For every Sukta, the Devata, Rishi and Chanda (Metre) is recited and thereafter the ablutions are offered. The whole Rigveda Samhita is chanted in this manner. The performance of Rigveda Samhita Havan results in Vishwa Shanti & Papakshaya. The ancient text 'Rig Vidhanam' has many instances of the manifold benefits of the mantras of the Rig Veda.
